## INTRODUCTION

Passionate and motivated recent graduate with a degree in Computer Science Engineering. Proficient in modern web development technologies and experienced in building responsive, user-centric applications. Eager to leverage technical skills and innovative problem-solving abilities in a dynamic work environment.

## SKILLS

Languages: HTML, CSS, JavaScript, Python, Java  
Framework: React, Node.JS, Django, Next.js, TailWind CSS  
Tools: VS Code, Git, Github, Excel  
DataBase: MySQL, MongoDB

## EDUCATION

2020 - 2024	Bachelor of Technology <b>Parul University</b> Vadodara, Gujarat	(GPA: 7.17/10.0)
2018 - 2019	12 <sup>th</sup> (NEB) <b>Model Multiple College</b> Janakpur, Nepal	(PER: 61.75%)
2017	10 <sup>th</sup> (SEE) <b>Saraswati English Boarding School</b> Mahendranagar, Nepal	(PER: 76.25%)

## PROJECTS

### Portfolio

Developed a personal portfolio website using Next.js, showcasing projects and skills. Implemented GraphQL for data fetching, Nodemailer for contact form emails, Sonner for toast notifications, tsParticles for particle effects, and Shadcn for UI components.

Tech: Next.JS, Shadcn UI, Tailwind CSS, Nodemailer

### NEWS Portal

Developed a news portal website using React, featuring user registration/login, news categories, and an panel to write new articles. Implemented MySQL for data storage and supported image uploads for article thumbnails.

Tech: React, scss, MySQL, Node.JS

### Studyffy Admin Panel

Developed an admin panel for managing teacher profile, creating announcement, assigning meetings and organizing educational content. Implemented MongoDB for data storage, Node.js for backend and Cloudinary for storing teacher's profile photos.

Tech: React, Node.JS, MongoDB, Tailwind css, Cloudinary

### Esewa and Khalti payment gateway

Developed a project to integrate Nepali payment gateways, Esewa and Khalti, into various applications. This project provided hands-on experience with payment system integration, enhancing understanding of secure transaction processes and API usage.

Tech: React, Node.js, MongoDB

## EXPERIENCE

---

### BlueEra Softech

4<sup>th</sup> Jan - 27<sup>th</sup> Mar

During my internship at BlueEra Softech, I gained hands-on experience in software development, collaborating with a seasoned team on various projects. I worked with technologies such as Python, JavaScript, HTML, CSS, React.js, Django, MySQL and Git, honing my skills in both front-end and back-end development. This experience strengthened my problem-solving abilities and prepared me for a successful career in the technology sector.

### CodeClause

1<sup>st</sup> Jul - 3<sup>rd</sup> Aug

I was an intern at CodeClause for a web development role. It was an online internship where they assigned various projects. I learned more about HTML, CSS, JavaScript, React JS, Node.js, MySQL, and other technologies by implementing the concepts that I had learned from university and other courses, and applying them to create interesting projects.

## CERTIFICATIONS

---

**Software Engineer Intern**

BlueEra Softech

**Web Development Intern**

CodeClause

**Zero To Prototype With NODE.JS**

Parul University

**Front End Web Development using Angular**

Parul University

**Meta Front-End Developer Professional Certificate**

Coursera

**Zero To Hero in MicroSoft Excel**

Udemy

## SOFT SKILLS AND LANGUAGES

---

### Soft Skills

- Excellent communication and teamwork abilities
- Strong problem-solving skills
- Efficient time management
- Creative and Innovative Thinking

### Languages

- English
- Hindi
- Nepali
- Maithili
