EXPERIENCE

TELCOVATE COMMUNICATION | TELECOMMUNICATION

ASSISTANT

Nov 2024 – Present | Dubai, UAE

- Planned and implemented telecommunication, home automation, and security systems based on client requirements.
- Configured and programmed IoT devices including CCTV, WiFi, smart locks, intercoms, and lighting control systems.
- Executed international infrastructure projects, including network and security setup for a banking client in Ethiopia.
- Diagnosed, troubleshot, and optimized network and IoT systems to enhance performance and reduce downtime.

BLUEERA SOFTECH | INTERN

Jan 2024 – Mar 2024 | Gujarat, India

- Collaborated on full-stack development projects, contributing to both front-end and back-end tasks.
- Utilized Python, JavaScript, React.js, MySQL, Git/GitLab to build scalable applications.
- Resolved bugs and optimized code, improving performance and problem-solving efficiency.

PROJECTS

PORTFOLIO

Next.js, Shadcn UI, MongoDB, Nodemailer, Cloudinary

- Built a dynamic portfolio website using Next.js with blog functionality, search, pagination, and an admin panel for content management.
- Implemented secure admin authentication and integrated MongoDB for reliable storage and CRUD operations.
- Enhanced user experience with Nodemailer for contact forms, tsParticles for interactivity, and responsive UI using Tailwind CSS and Shadcn UI.

COMPANY PORTFOLIO WEB APPLICATION

React, Node.js, MongoDB, Tailwind CSS, Cloudinary

- Integrated Cloudinary for optimized image storage, JWT + bcrypt for authentication, and Nodemailer for automated contact form emails.
- Deployed on Netlify (frontend) and Render (backend) with a focus on scalability, performance, and responsive UI.
- Around 60–70% of development assisted by AI, demonstrating strong proficiency in AI-driven development, security best practices, and clean code architecture.

DEATH CLOCK - MOTIVATOR

Next.js, RapidAPI, WeatherAPI

- Built a web browser extension with a reverse life countdown, goal tracker, motivational quotes, and financial progress display.
- Integrated real-time weather, search engine selector, and customized greetings using Next.js and WeatherAPI.

EDUCATION

PARUL UNIVERSITY

Gujarat, India

BACHELOR OF COMPUTER SCIENCE
AND ENGINEERING

MODEL MULTIPLE COLLEGE

Janakpur, Nepal

12TH (NEB)

SKILLS

PROGRAMMING

- JavaScript • Python • React JS
- Next.JS • Node.JS
- MongoDB • MySQL
- HTML • CSS • TailWindCSS

TECHNOLOGY

- Git/Github • Docker • Linux
- AI/Automation

CERTIFICATION

SOFTWARE ENGINEER INTERN

BlueEra Softech Gujarat, India

META FRONT-END DEVELOPER PROFESSIONAL CERTIFICATE

Coursera

ZERO TO PROTOTYPE WITH NODE.JS

Parul University
